CITY OF BIDDEFORD, MAINE

SNOW REMOVAL PARKING BANS

November 2010

INFORMATIONAL FLYER

During the course of winter, the City will remove snow from certain streets in the downtown area. This work typically starts a day or two after a storm of sufficient magnitude and is generally performed at night, beginning at 8:00 PM and lasting until 7:00 AM. The Public Works Department can be called to verify if a Snow Removal Parking Ban has been declared and what streets are included in the Parking Ban:

Public Works Dept.	282-1579	until 4:00 PM daily

Information on Snow Removal Parking Bans can also be found on the City Website (www.biddefordmaine.org). You can sign up for an e-mail notification of Parking Bans on the Web Site.

Streets included in a Snow Removal Parking Ban are identified with NO PARKING signs posted along the roadway. Signs are placed the morning before a snow removal activity begins. Vehicles may park in any legal parking stall on any street not marked with NO PARKING signs and not included in the Snow Removal Parking Ban. Vehicles may also be parked in Municipal Parking Lots during Snow Removal Parking Bans, as long as that particular parking lot is not posted as NO PARKING and is not included in the Snow Removal Parking Ban..
